# Private Lagoon Snorkel

---

During this private activity, you will explore our breath-taking Lagoon Sanctuary and become acquainted with its wonderful marine creatures. Learn more about our conservation efforts and be provided with ever-lasting memories of the adventure as your expert guide takes pictures during the experience!

Price: 19,000 xpf (per couple) - 6,000 xpf per additional person  
Booking on Request - Meet at the Marine Biology Corner  
Duration: 90 min

# Marine Biologist on Board

---

Elevate your Reef Discovery tour with a private adventure with a private Marine Biologist. Embark on a half-day boat excursion to uncover the top snorkelling locations in Bora Bora, with a spotlight on Manta Rays, Lagoon Fish, Eagle Rays, and perhaps even spot dolphins!

Price: 20,000 xpf added to excursion cost  
Booking on Request - Meet at the Activities Pontoon  
Duration: Available for Half-Day or Full-Day tours

# Whale Watching

---

French Polynesia is one of few place to witness the magnificent Humpback Whales during their summer migration, which occurs from August to November. Enhance your whale watching excursion by opting for a Marine Biologist guide to accompany you, helping you to spot individuals, to provide binoculars and a hydrophone, and to provide insights and information about these majestic creatures

Price: 29,000 xpf added to excursion cost  
Booking on Request - Meet at the Activities Pontoon  
Duration: Available for Half-Day or Full-Day tours

# Snorkel Under the Stars

---

Explore the Lagoon Sanctuary at night with our Marine Biologist by venturing into the water at dusk! Experience the unique sights of the Sanctuary in low-light conditions, witnessing behavioural changes in familiar species and discovering creatures only visible at night. Our expert Marine Biologist will shed light on the extraordinary world of bioluminescence and its biological significance, offering insights and key details to understand this stunning natural phenomenon.

Price: 21,000 xpf (per couple) - 8,000 xpf per additional pax - 4 max per session

Booking on Request - Meet at the Marine Biology Corner

Duration: 60 min

# Graft your Coral

---

Enjoy a detailed presentation on coral and coral reefs, and their importance to the marine ecosystem. Next, guided by our expert Marine Biologist, gain practical experience by creating your own coral fragment and placing it in our in-water nursery and stay updated on its transplantation progress. Your support makes great things grow!

Price: 15,000 xpf with 2 fragments included - (5,000 xpf per additional fragment)

Booking on Request - Meet at the Marine Biology Corner

Duration: 60 min

# Adopt a Coral

---

Would you like to participate to our Restoration Projects? Choose the opportunity to donate to our Reef Restoration Project by adopting your own coral! Enquire with our Marine Biologists or the Concierge for more details. Following your donation, our Marine Biologists will take care of adding coral in your name to one of our coral nurseries. Your contribution directly aids the expansion of our Lagoon project!

Price: 5,000 xpf per coral fragment  
Booking on Request - Meet at the Marine Biology Corner  
Duration: 30 min

# Be a Marine Biologist

---

Join our Marine Biologists for an adventure of a lifetime! Spend a day carrying out exciting and vital tasks such as fish surveys, plankton observations, coral identification and monitoring, as well as engaging in coral restoration and nursery grafting! Whether you are a seasoned enthusiast or a curious beginner, this program offers an unparalleled opportunity to gain valuable skills and experience

Price: 20,000 xpf for 2 pax - 7,500 xpf per additional pax - 4 max per session

Booking on Request - Meet at the Marine Biology Corner

Duration: 2 Hours

# Learn to Snorkel

---

With a shallow, sandy bottom, our Lagoon Sanctuary is the perfect place to discover, or re-introduce yourself, to the underwater world. Whether you are a non-swimmer, first-time snorkeler, or would simply like to refresh your skills, let our resident Marine Biologist accompany you into the water and boost your confidence in using equipment, and in your ability to both swim and snorkel

Price: 9,000 xpf (per person)  
Booking on Request - Meet at the Marine Biology Corner  
Duration: 60 min

# Group Lagoon Snorkel

---

Grab your mask and join our Marine Biologist on an introductory Group Guided Snorkel to discover our beautiful Lagoon Sanctuary! Enjoy the crystal clear waters, and the vast marine life present, whilst learning more about the marine life of Bora Bora, the local residents of our Sanctuary, and our conservation efforts

Price: Complimentary

**Monday at 11am & Saturday at 2pm** - Meet at the Marine Biology Corner

Duration: 45 min

# Coral Demonstration

---

During this activity you will learn more about corals, their diversity, coral reefs, and why they are some of the most diverse and vital ecosystems on our planet. Enjoy this unique opportunity to receive detailed information on coral complexity as well as the chance to observe various coral specimens. Questions are encouraged!

Price: Complimentary

**Tuesday & Friday** at **2pm** - Meet at the Marine Discovery Faré

Duration: up to 60 min

# Ocean Conversation

---

Satisfy your curiosity and learn all about our oceans and the many species that call them home during our ocean talks. Join our dedicated Marine Biologist and Educator for engaging and informative presentations to learn more about the wonders of our oceans, and our current conservation efforts. Questions are encouraged!

Price: Complimentary  
**Thursday at 4pm** - On Request  
Duration: up to 45 mins

# Sustainability Tour – Marine Conservation Stop

---

As part of the Four Seasons Sustainability Tour, join us for the opportunity to learn all about our conservation projects and efforts to protect the vital marine ecosystem of Bora Bora. Enjoy a guided tour of our coral nurseries from the shore and satisfy your curiosity about our ecological initiatives. Enquire at the Concierge for the start location

Price: Complimentary

**Wednesday at 10am** - Meet at the Marine Biology Corner

Duration: 90 mins (whole tour)

# Life Under the Sea

---

Join us at our Kids Club for Life Under the Sea - ocean fun above the waves! Here, our Educators will be on-hand with interactive games, crafts and learning activities. Children can explore the seashore and our inner lagoons from the bridges, be a marine biologist for an hour, uncover amazing ocean facts or even create marine masks and homemade art to bring home!

Price: Complimentary

**Sunday** at **11am** - Meet at the Kids Club

Duration: 60 min

# Lagoon Explorers

---

Change into your swimsuit and join our resident Marine Biologists at the Kids Club, embarking on a great opportunity to build confidence in the water, as well as to practice snorkelling skills. This activity will enable children to discover a shallow area of the sanctuary, and introduce them to the wonderful marine life that calls it their home!

Price: Complimentary

**Wednesday at 2pm** - Meet at the Kids Club

Duration: 60 min
